

OLALERE MARY ENIOLA

EDUCATION

Bachelor of Science in Agricultural Economics

University of Ibadan
09/2022 - 01/2026 Ibadan, Nigeria

LANGUAGES

English Native ●●●●●

SKILLS

SQL · Python · Microsoft Excel ·
Power BI · Data Analysis ·
Statistical Analysis ·
Regression Analysis

INTERESTS

Data Storytelling

Crafting compelling narratives through data visualization to demonstrate trends and insights effectively.

Machine Learning Applications

Interest in applying machine learning techniques to solve complex problems, particularly in predictive modeling.

Community Engagement

Engaging with local initiatives to leverage data for social impact and improve community programs.

Data Analyst | Data Science Enthusiast

07049266664 maryeniola114@gmail.com Lagos, Nigeria

SUMMARY

Driven and detail-oriented Data Analyst Intern with a passion for transforming raw data into meaningful insights. Skilled in SQL, Python, and data visualization tools like PowerBI, collaborating effectively in team settings. Aspires to leverage data-driven solutions to enhance strategic decision-making in diverse industries.

EXPERIENCE

Freelance Data Analyst 01/2026 - Present
Fiverr Lagos, Nigeria

- Coordinated a community-based data analysis project that increased efficiency by 25% through structured datasets and meaningful insights.
- Collected, cleaned, and analyzed datasets using Excel and Python to extract meaningful insights.
- Applied regression analysis and basic statistical methods to identify patterns and trends.
- Designed interactive dashboards and visual reports using Power BI for clear data presentation.
- Managed multiple tasks independently, ensuring accuracy and meeting project deadlines.

Data Analysis Projects 06/2025 - 12/2025
Self Employed Lagos, Nigeria

- Assisted in a university-led research project, analyzing educational data to identify enrollment trends impacting decision-making.
- Performed data cleaning, transformation, and exploratory data analysis (EDA) using Python and SQL.
- Built predictive models (including linear regression) to analyze relationships between variables.
- Visualized data insights using Power BI and Excel charts to support decision-making.
- Interpreted and communicated findings in a clear and structured manner.
- Utilized problem-solving skills to resolve discrepancies within datasets, resulting in 100% consistency and accuracy across reports.

TRAINING / COURSES

Professional Foundations Data Analytics
ALX, 2025 ALX, 2025
Python Programming
ALX, 2025

STRENGTHS

-  **Analytical Mindset**
Proven ability in interpreting complex datasets, resulting in data-driven decision-making.
-  **Technical Proficiency**
Successfully utilized SQL and Python in academic and project environments for comprehensive data analysis.
-  **Effective Communication**
Presented insights to non-technical audiences, ensuring clarity and engagement.
